THOMAS PRINTZ' PRIVATE BULLETIN. A BRIDGE TO FREEDOM PUBLICATION.

November 3rd. 1957. VOL. 6. NO. 31.

My Beloved Children:

If, for seven days after you receive these words of Mine, you will observe the Silence, except when it is absolutely neccessary to speak, and send your love to your Master and your "I AM" Presence, We shall appreciate the opportunity it will afford Us to give you a special expansion of your Light.

To anchor your consciousness within your Presence is a task requiring but a few moments of uninterrupted contemplation. You will then begin to think and feel with that expanded consciousness of the Higher Octave, with Its power and certainty and conviction. You will find the Sacred Fire is a tangible Substance that can be wielded and moulded as can any material of the physical plane.

The Higher Consciousness cannot be achieved when you identify yourself with the physical form. The Flame, in Its Great Power, can be wielded best from the higher radiation of your Holy Christ Self. The physical consciousness, being so impregnated with the idea of form, finds it is out of its element in dealing with the Flame of God and cannot even control physical form with much success. Therefore to treat the physical body and inner bodies by the drawing, focusing and expanding of the Sacred Fire from above or from within your hearts will bring much greater results than by trying to expand it through the instruments in question from below. This, I think, will assist you in the powerful freeing of your vehicles from the impure substance of the third dimensional plane.

When the outer self and the "I AM" Presence are going to effect a movement for the expression of the God within they must first of all become in harmony - this is achieved in Silence, in Love, in Peace. It is done by the absolute transmutation of every critical and inharmonious thought and feeling. As you work towards this, dear ones, the activity of your daily lives becomes an expression of grace and beauty and power.

So now you must enter into the activity of the sphere in which you are fitted to dwell learning each day more and more about the creative power of thought and feeling, and your ability to become master of this instruction of conscious creation of good. I must enter the Realm in which My creative Flame has fitted Me to dwell, enjoying the expansion of My capacities to create as The Father, and thus prepare to rise higher in the sphere which now I can only barely cognize, and in which there dwell in full Self-conscious Life Beings Who have passed through realms similar to your own and mine, and Who have achieved the right to wield the Thought and Feeling Principles animated by the Sacred Fire, expanding the God Kingdom in its exalted state, and They, too, evolving upward, preceded by the Sun of all Suns and the Light of all Lights, Whose capacities never cease to grow and are always upward reaching - a magnet toward which We all aspire - yet there is no Ultimate!

My Love and Light enfolds you, each one.

The MAHA CHOHAN.
